I understand that this is a community supported venture and that, although the farmer is committed to the best of his ability to produce high quality produce, there are risks in agriculture (mother nature's whims) that need to be shared with the whole community. I understand that my full payment entitles me to a weekly share of the produce harvested by Stone Gardens Farm during the growing season. Failure to pick up share during set pick up times without prior notification will result in loss of share for that week.
